THE ENERGY TRANSITION for the
GREEN GROWTH

2017

At its core : a new course to achieve carbon neutrality by 2050,

Not only climate but broader sustainable development issues
(i.a : deforestation, poverty, circular economy, trade, terrestrial and marine ecosystems....)

Emphasis on the mobilization of the whole society : administrations, companies, local authorities, research, associations and citizens

Solidarity / French development and cooperation policy

- **alignment of development policy with SDGs**
+ mainstream climate objectives in ODA
- 5 billion € annually to climate action from 2020 on (**+2 billions €**)
- ODA devoted to climate **adaptation more than doubled**
- emphasis on **renewables energies in Africa**
(3 billion € between 2016-2020)
- **French development Agency (AFD) : 50 % of projects with climate co-benefits**
(France calls for all development banks to similar commitment, with increase over time)
- Annual budget of AFD : **to increase by 50 %** (to 12 billion €)
