The Ukraine Fund

A financing instrument by the French
government for the reconstruction
of critical infrastructure in Ukraine

The Ukraine Fund

What is it ?

On June 7, 2024, the French and Ukrainian authorities signed a bilateral agreement to set up a fund to support critical infrastructure and priority sectors of the Ukrainian economy.

Endowed with 200 million euros, the Ukraine Fund is designed to support the reconstruction and restoration of Ukraine's infrastructure, with the aim of ensuring the country's long-term functioning and economic resilience.

Interested in the Ukraine Fund ?

Selection criteria

- The project is carried out by a **French company** in an **essential civil sector** (energy, health, mine clearance, water, infrastructure, housing, agriculture, etc.)
- The solution meets an **expressed local need** and **benefits a public customer** (operator, local authority, ministry)
- The project has at least a **50% French content***
- The maximum amount of **financing by the Ukraine Fund does not exceed 15 million euros**
- The project duration **does not exceed 16 months**
- **Company co-financing** appreciated

Selection process

1. The company **fills in the application form** (available by scanning the QR code on the back of the brochure)
2. **Project taken into consideration** by the French interministerial committee
3. **Project selection** by the Ukrainian Strategic Investment Committee
4. Formal **grant of the donation** by the French interministerial committee

Who can apply ?

- **Any French company** can submit a project
- **SMEs, intermediate-sized companies and companies not present in Ukraine** yet are particularly targeted

*French content : corresponds to the added values of the project realized in France.
